PERSHING SQUARE SOHN
CANCER RESEARCH ALLIANCE

Investing in talent for the future

The fifth annual Pershing Square Sohn Prize for Young Investigators in Cancer Research supports early career, New York-area research scientists and promotes collaboration between science and business to accelerate a cure for cancer.

Meet the 2018 Pershing Square Sohn Cancer Research Prize winners

ONLY

We salute their outstanding contributions
to cancer research.

The Pershing Square Sohn Cancer Research Alliance is dedicated to playing a catalytic role to accelerate cures for cancer. PSSCRA enables the pursuit of the most innovative and advanced cancer research by supporting early career scientists. The prize also facilitates collaboration among scientific, business, and philanthropic communities.

To learn more about our mission, program, and award recipients, please visit: www.psscra.org.
